

DISASTER MANAGEMENT

"The E-Surge Kit is Perfect for Disaster Preparedness or Mass Casualty Incidents"

The E-Surge Kit is a complete system for medical emergencies in the hospital and in the field. The devices are organized for rapid deployment and are a force multiplier for the triage of patients in emergency situations. It uses a single gas source for multiple devices.

E-SURGE KIT
ES-4070

E-VENT CASE
EV-4060

FLOWMETER

GO₂VENT
MODEL 6123

APM-PLUS
3960

Accessories Included

- 6 ea GO₂VENT® (Model 6123)
- 2 ea APM-Plus
