

Thomas EMS Intubation Kit

Case Only or Pre-Filled

The Thomas Intubation kit is protected throughout by three large pieces of foam to prevent any damage to blades syringes, drugs, or tubes.

The Thomas Transport Pack Airway Kit is designed to easily slip into the large front pocket or drug box pocket of the ALS, EMP and MSP.

The inside section is designed to hold:

- Laryngoscope blades and a medium or large handle
- Multiple size syringes from 10cc to 60cc
- Two sizes of Magill forceps and guide
- Lockable vinyl pocket for drugs or other accessories including batteries, smaller size syringes and airways
- Two other pockets (one vinyl) for storing up to 14 ET tubes and holders

Dimensions: 13" x 9" x 3.5"
