

START Triage Training Wheel

Available in both START & JumpSTART

by DMS

DMS-05930

Learn and practice START and JumpSTART Triage in a simplified method which uses the process of elimination to determine acuity levels. The key to rapid triage is knowing when to stop. The training wheel emphasizes key stopping points - thereby greatly increasing the speed of triage.

Key Features:

- ▶ Easy Method of Learning START / JumpSTART Triage
- ▶ Simple Process of Elimination Method
- ▶ Available Individually & in Packs of 10

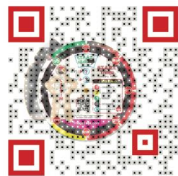

Contents:

- Training Wheel
- Lanyard
- Sample Victims to Test your Skills*

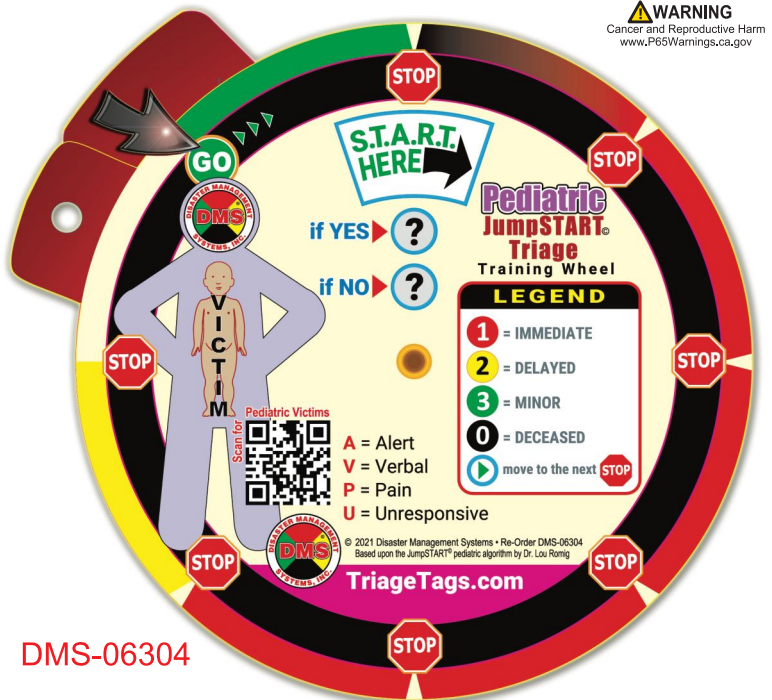

*Scan the QR code on the wheel and you're ready to start testing your skills.

Utilize the included lanyard during drills / training events.
