

O2-MAX[®]

Disposable CPAP Device

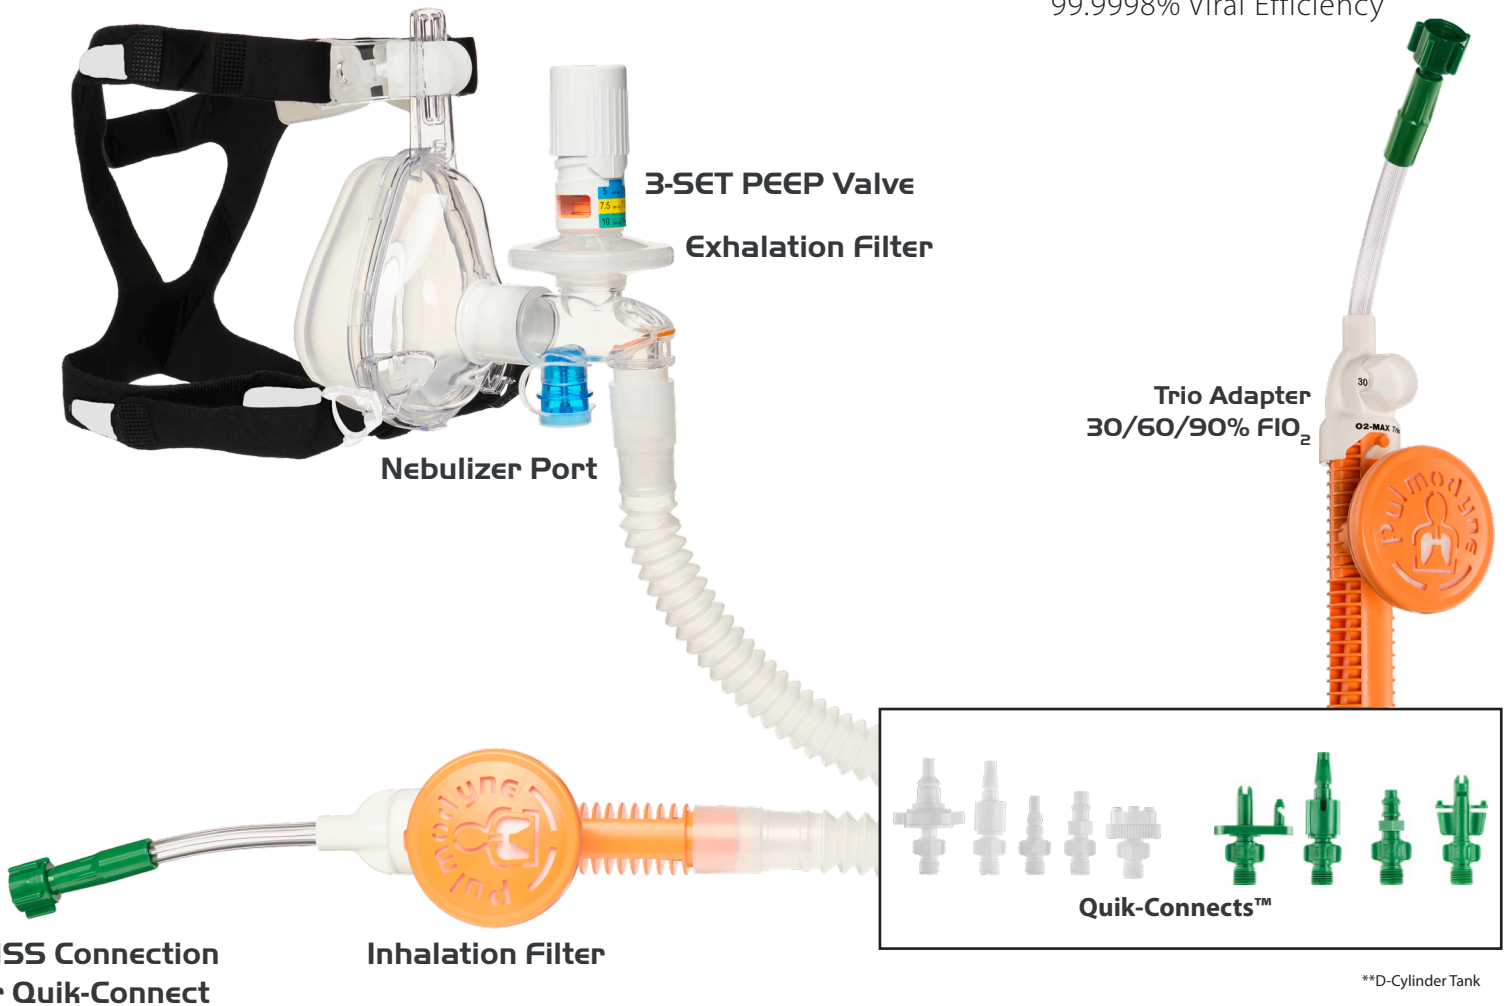

Continuous positive airway pressure is becoming the standard of care for patients suffering from respiratory distress. The O2-MAX system can deliver up to 140 LPM of flow to the patient, with 30% FiO₂. Customize your FiO₂ to increase from 30, 60, or 90% with the Trio adapter. Adjustable PEEP options includes a 3-SET™(5/7.5/10cm H₂O) or 5-SET(5/7.5/10/12.5/15cm H₂O) to suit a variety of patient needs. Additionally, this completely disposable system offers integrated nebulization while maintaining a consistent flow to the patient.

28 Minutes of Run Time **

Adjustable PEEP (3-SET™ & 5-SET™)

Filter Efficiency:
99.9998% Bacterial Efficiency
99.9998% Viral Efficiency

**D-Cylinder Tank
