

NIMS/ICS Hazardous Materials Response Organization Vest Kit

by DMS

DMS-05307

The Hazardous Materials Response Organization Vest Kit was designed to help establish an organizational structure that can help facilitate the necessary supervision and control for the essential functions required at all Haz-Mat incidents. After a hazardous material release is confirmed, controlling the tactical operations of first responders and equipment provides a greater degree of safety and helps to reduce the potential for spread of contaminants.

8 - Position Vests

- Hazardous Materials Group Supervisor
