

# 35XST PROFlexx<sup>®</sup>

## Ambulance Cot

The **35XST PROFlexx X-Frame Ambulance Cot** offers exceptional safety and stability when transferring and transporting heavy patients. A wider bed surface provides comfort and support for patients of various sizes and increased room for CPR or intubation. The enhanced stability reduces the chances of tips which can potentially lead to injury to patients and caregivers.

- **Complete bariatric solution** with push/pull handles, LBS™ (Large Body Surface) or LBS Jr.™ bariatric boards, 1,100 lb load capacity in the lowest position, and a true 360° turning radius in the lowest position
- **Low center of gravity and minimal flex** due to a longer, fixed front leg in the X-Frame, a rigid C-channel running the length of the cot, and carefully engineered geometry

**35XST EZ-Pull™ release system** is ergonomically designed to reduce wrist strain and allow operators to get in proper position before assuming the weight of the cot and patient

**5-position drop frame** provides better leverage for lifting and loading and reduces the cot length by 15 inches for movement in confined spaces

**SAE J3027 compliant** when combined with the Stat Trac® Cot Fastening System

# 35XST PROFlexx®

## Specifications

LENGTH (MAX)	79 in   2007 mm
LENGTH (MIN)	64 in   1626 mm
WIDTH	24 in   609.5 mm
LOADING HEIGHT	34 in   864 mm
WEIGHT	92 lb   41.7 kg
LOAD LIMIT	700 lb   317.5 kg
BARIATRIC LOAD LIMIT	1,100 lb   499 kg

## Features

- **Six-inch wheels** (two with swivel-lock and rolling-lock) and U-tread tires with increased surface area offer better rolling and longer life
- **All-metal frame** construction provides strength, durability, and performance with heavy patients
- **Pull-out side lift handles** provide additional grip points for assistance with heavy patients
- **Reflective labeling** provides nighttime visibility for added safety

## Accessories

### BARIATRIC

**Bariatric Tow Package**  
No. 0822121

**Bariatric Push Pull Handles**  
No. 0822147

**LBS. Bariatric Board**  
No. 0022057

**LBS Jr.™ Bariatric Board**  
No. 0822184
